

SOLGIENE

ECO-FRIENDLY HEALTH SOLUTIONS

PRODUCT DATA SHEET

Solgiene Multi-Purpose Disinfectant Cleaner (ready to use and concentrate)

An excellent disinfectant cleaner containing G-cide technology

DESCRIPTION

Solgiene Multi-Purpose Disinfectant Cleaner is designed to be used on any food contact surface, to remove vegetable and protein food soils, blood and greases found in abattoirs, poultry houses and food processing plants. The product disinfects as it cleans

APPLICATIONS

Solgiene Multi-Purpose Disinfectant Cleaner is a cleaner/degreaser, fat and grease cutter, general purpose cleaner sanitizer, designed to be used in a wide variety of applications. It attacks and dissolves the molecular structure of animal fats, vegetable oils, dirt, and polymers to break down the adhesiveness of these materials, lifting them away from the surfaces and emulsifying them for easy rinse off with cold water at high dilutions.

PROPERTIES

| | |
|---------------|---------------------------------------|
| Appearance: | Opaque, white liquid |
| Solubility: | 100% in water |
| pH | Ideally between 5.0 and 7.0 |
| % Glutaral PK | 0.5% active leave on skin application |
