ECO-FRIENDLY HEALTH SOLUTIONS

PRODUCT DATA SHEET

Solgiene Waterless Hand Gel

An anti-microbial hand and skin sanitizer

DESCRIPTION

Solgiene Waterless Hand Gel is a light blue coloured, odourless hand sanitizer.

The product is NON-FLAMMABLE and can be used in all areas where the disinfection of hands is necessary. The product contains Glutaral PK, 40% Ethanol Alcohol, Carbopol and skin conditioners. The skin conditioners are glycerine and Aloe Vera oil. The product has been EN tested for proven bactericidal, fungicidal and viricidal properties.

APPLICATIONS

Hospitals (all areas where hand washing is necessary), theatres, police stations, clinics, nursing homes, children's homes, mortuaries, prisons, and any other occupation/industry where there is a risk of disease transmission by physical contact.

PROPERTIES

Appearance:	Turquoise blue colour gel
Solubility:	100% in water and alcohol
pH	Ideally between 5.0 and 7.0
% Glutaral PK	0.3% active leave on skin application

DIRECTIONS FOR USE

After washing hands properly and rinsing well with water, apply Solgiene waterless hand gel onto hands. Rub hands together as if washing your hands to ensure complete hand coverage. Allow to dry naturally. Low alcohol content is present to ensure quick drying of product on hands. The Glutaral PK is the active ingredient that ensures effective disinfecting of hands.

Hands should feel soft. Aloe Vera oil softens the skin.

All ingredients are CTFA approved. There are no nitrosamines forming ingredients in this product.

Institutional Applications

Hospitals (all areas where hands require washing), theatres, police stations, clinics, nursing homes, children's homes, mortuaries, prisons, schools and any other occupation/industry where there is a risk of disease transmission by physical contact.

Retail / general public use applications:

For personal hygiene to disinfect hands before and after eating, after going to the bathroom or anytime when hands need to be sanitized.

SAFETY PRECAUTIONS AND FIRST AID

Ingestion: Do not induce vomiting. Drink large quantities of water.

Note to the physician: Probable mucosal damage from oral exposure of large quantity of ingestion of undiluted Solgiene waterless hand gel may contra indicate the use of gastric pump.

Eyes: Immediately flush eyes with water and continue washing for at least 2 minutes.

Skin: Wash with plenty of water.

Inhalation: Normally none required, however if needed, remove to fresh air.

Medical Conditions Generally Aggravated by Overexposure: See above.

STORAGE

Store tightly sealed containers in cool, dry area away from direct sunlight and sources of heat. Shelf life of properly stored material is at least one year from date of manufacture
